Two Socks ("Socks") is a very loving and smart girl. She is eager to please her people and very easy to train. She already knows what 'no,' 'down' and 'out' means; she will also 'sit,' 'wait' for food, only jump on furniture when invited. She's an indoor dog who is crate trained and completely potty trained. She loves to be with her people and listens really well. She loves to snuggle.

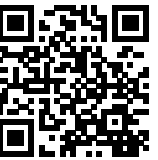

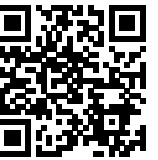

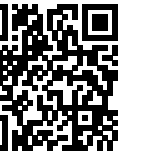

She can be energetic at times, so Socks is looking for a home where there is an active person or persons who will exercise her. She is trained to wear a backpack and can carry two full water bottles inside of it. The backpack helps burn energy and makes her feel like she's doing a job. She's much more focused with it on. She respects other dogs and will back off if another dog doesn't want to play with her as she always assumes that dogs will like her. She loves all people not matter how big or small! She has great recall and is good off leash!

Despite all her energy, Socks is content to curl up in your lap or beside you on the couch and sleep the night away. She has an adorable boxer snore that can't be beat. Email us today and come meet her!

Age: 2 years

Weight: 45 lbs

Temperament: Loves dogs, but maybe too much for smaller dogs.
