Meet precious Vivian Steele. We named her that because she just steals your heart. She has the most adorable ears you will ever see. Vivian is a 40 lb. Hound/Basenji mix. She had an embedded collar but is all better now. She is very friendly and enjoys belly rubs, other dogs, she is a first class doggy and would fit beautifully into most any family. She is still on the thin side so she is free fed and is crate trained! She listens well and is submissive to people. She is pretty laid back so she is not a fan of the hyper dogs and would do great with another relaxed dog or wouldn't mind even being an only dog. She loves kids and is not a jumper. She is very gentle about taking treats and has good recall so she would easily be trained off leash as she is a quick learner. She is working on her commands but knows sit and is food motivated so she is easy to train! Email us today and come meet her!

About 2 years old
 Great with other dogs, people, and kids
