2001 Accord Sedan, 5 speed 4 cylinder, Leather, power drivers seat, side airbags , around 199K miles (still driven), sunroof (works properly with no leaks), keyless entry, All stock except for Kenwood CD/USB player, have original radio as well.

- Runs great with Honda reliability! Shifts smooth.
- Paint is not faded or peeling like many of these, but it does have some dents and dings from being parked under trees and such, and a couple spots on the trunk and rear bumper where the prior owner was tapped in traffic.
- The car has been in no major accidents and has a clean title.
- Interior is clean and in great condition.
- The prior owner informed me they just replaced the clutch and timing belt last year so this vehicle has A LOT of life left in it!
- Has crack in lower corner of the windshield. but passes inspection and is not in your line of sight, I forget it's cracked.

Overall this is a solid, well maintained car. I hate to sell, but am in need of a truck instead.

Asking \$3400, No trades, Texting is best M-F but I can usually accept calls after 6PM, or leave a message.
