This is a 1995 1/2 ton pickup, 175k runs and shifts good 4x4 works as it should, needs ball joints and some rust work. I put all a new remanufactured distributor, new brakes and rotors and drums in it 2 years ago and it hasn't gone 4000 miles since FRAME IS GOOD from what I can see--asking 1100\$ or make me an offer I can't refuse-give me a call or text--if I don't answer please leave a message and I will return all calls-will be sold with a bill of sale-
