Internship Catholic Web Design amp Coding (Remote)

Location **Nebraska**
https://www.genclassifieds.com/x-372745-z

Up-and-coming Catholic education site is seeking a volunteer intern for a part-time coding experience. This is a great opportunity for an upper-level college student or recent graduate with coursework or anyone interested in gaining some real-world programming experience.

We are looking for anyone with experience in any of the following:

* HTML
* CSS
* PHP
* MySQL
*jScript
* jQuery
*Ajax
* RSS feeds
* E-commerce
* SEO

If you are interested in gaining experience and receiving a recommendation letter at the end of this project, please contact us. You will be supervised and taught by our Chief Technology and Information Systems Director.

If you are Catholic, you will have the ability to work on the database. Non-Catholics will work on other projects. This internship is flexible around your schedule.
