

Female Entertainers Needed

Location

New Hampshire<https://www.genclassifieds.com/x-372774-z>

Most girls we have working with us have never thought of escorting or dancing as a job they would be interested in, until they realized how great a stepping stone it is. Whether you are a college student needing more money for tuition or a young mother struggling to take care of your kids, we provide a means to cover your expenses while you work toward your future. The #1 hiring requirement with our company is having an "exit plan", meaning a goal to be striving for, whether it be dental school or small business start-up, let us be your stepping stone. The Candy Shop is a new adult entertainment company spreading its wings in New Hampshire. Currently we are hiring reliable escorts and dancers, with or without experience. Pay is competitive with other agencies and benefits are better. Marketing is done for you and our booking agents help you manage your schedule. We are looking for dependable, enthusiastic, and adventurous young ladies to join our team and start making top dollar asap. Please respond to our posting at

We look forward to working with you in the near.
