

## Stack 2 Cords Firewood (Derry)

Location **New Hampshire**  
<https://www.genclassifieds.com/x-372780-z>

Looking for someone to stack 2 cords of wood adding to existing stacked wood with pallets already down. You must know how to stack wood and make a sturdy pile that does not lean or fall over.

Some have used a wheelbarrow in years past and some have not. Bring one if you prefer. Looking to have this done after Sunday during the week.

Wood will be dumped several steps away from where it will be stacked.

Leave a price and a phone number please. Put "stack" in subject to weed out spam.!
