This is a brand new faucet in the box.

PRODUCT OVERVIEW
Model # 462EC-05101
Internet # 202348444
Store SKU # 226026

The Glacier Bay Edgewood 4 in. 2-Handle High-Arc Bathroom Faucet in Chrome has an elegant, curved line design that will complement a wide variety of bathroom decor. WaterSense certified, this faucet has a 1.5 GPM water flow rate to help conserve water and ceramic disc valves to help prevent drips. The dual handles allow you to easily adjust the hot and cold levers to the perfect water temperature, while the high-arc spout allows you plenty of sink room. Easy to clean with a bright chrome finish and easy to install with a deck-plate mount, this durable and elegant faucet is built-to-last. Pair with other pieces from the Edgewood Collection for a complete and polished look. Limited Lifetime Warranty.

Chrome finish for a clean-cut appearance for a 3-hole sink with 4 in. on-center
