

panasonic whisperline fv (101 USD)

Location **Ohio**
<https://www.genclassifieds.com/x-373049-z>

I have for sale a new Panasonic Whisperline FV-10NLF1 bathroom , kitchen , computer cabinet vent fan. Purchase several for a remodel but a design change eliminated one fan.

These are inline, remote mount units great for venting up to 4 locations from one fan. I use these on all my remodeling projects as they last forever, are super quiet and provide flexible installation. Use with 4" duct. Specs below:

Energy Star Certified, 120 CFM In-Line Fan

Ventilate Multiple Areas with Just One Fan

Remote Mount, In-line Spot Ventilation Solution

Panasonic WhisperLine fans are designed for multiple-task ventilation. This means that you can ventilate multiple areas or multiple rooms with just one fan. WhisperLine fans are a great way to remotely mount a fan and run single or multiple inlets for over the shower, tub, toilet and/or vanity in a single bathroom. . WhisperLine features a blower wheel that's designed to draw air in both sides allowing more area for air to enter the wheel. This versatile product can be installed in five different positions and joist, truss and

suspension brackets are included.

The WhisperLine fan is a remote-mount, in-line exhaust fan that draws air from multiple points in a bathroom, or in a bathroom, laundry, or craft room to exhaust with a single remote-mounted WhisperLine fan.

Line-Tune the Airflow for Each Inlet

The low profile grille are adjustable so you can balance the airflow between the nearest and furthest
