

Flat Panel TV Installer (Horsham)

Location **Pennsylvania**
<https://www.genclassifieds.com/x-373124-z>

We need a flat panel TV installer to assist us in deploying various sized flat panel screens for the rest of 2015. We are paying a flat hourly rate plus travel. We provide everything except for the tools. References and installation history required. These installs are located throughout the tri-state area. You must also have the ability to manage/coordinate installs in other states and overnight travel is required. While this is starting as a part time position it will become full time for the right.
