jitterbug although I love her to death. jitterbug is 9 years old. she has had bloodwork and a dental done and did well. she only lost one tooth. she has had bladder stone surgery and had a huge stone removed. she is now on prescription food and as long as she stays on it she will never get stones again. she is wonderful with kids, other dogs and even cats. she is great off leash and rides well in the car. she is spayed, all shots, hw negative and microchipped. adoption fee is \$100. she also knows how to sit and shake and loves her belly rubs

. food costs \$59 but I just bought a huge bag and it will last 2 months if not longer
