Hello!

My partner and I are looking for any sort of Volkswagen Vanagon van, or perhaps a more typical VW van. It can be working or not, but the cheaper the better, and we do not mind if it's not working at all. We're looking for a shell that hopefully doesn't have holes or leaks in the interior, still has windows intact, tires that roll and aren't necessarily bald, relatively decent shocks, and isn't totally ripped up inside, although old wear is fine with us.

If you or anyone you know of might have something along these lines, please contact by email ASAP and provide a contact name and any pertinent info (website, number, facebook page, etc). Any potential lead is something we're willing to explore, and we're willing to go anywhere in Vermont.

Thanks for!
