Diamond was relinquished into our care as her owner is moving to a place not allowing dogs. He has

only great things to say about her and seems to have loved her very much. She has been outstandingly healthy, well-nourished and has the most gorgeous skin. She never was tired, the rest of the need for it as she was more productive and faster in her food intake. Diamond was very energetic and playful. She checked in command and in a way that she runs after the ball. She comes on a dog and licks my face away with an extremely ecstatic tongue. She was very friendly toward some and ignored others.
