CALL BORES FRAMING AND ROOFING - HENDERSONVILLE

Get your roof inspected for wind and hail damage. This a free, no obligation inspection. Insurance claims specialists. We will even help you with the insurance process, or even handle the entire process if your schedule does not allow it. From initial damage assesment to meeting with adjusters.

We are straight shooters, we don't have truckloads of discounted shingles (that are probably seconds or open bundles not of the same lot #s)
We don't offer free windows or doors or even gutters with the purchase of a new roof, that usually means the cost difference is made up somewhere else like in the "extras" or the over inflated cost of the labor charge.

If you need a new roof, this is what we can offer, straight up, no smoke and mirrors, plain and simple facts.

Just satisfied customers, no cheesy tv ads, no commercialized company with a fleet of trucks that have billboard ads on the sides running around town.

We will work from your insurance company's scope of work. Your new roof comes with a limited lifetime warranty on the shingles, 100+ mph wind rating, algea resistant, 30# felt paper, any flashing needed, cobra ridge venting and all gutters cleaned. Most roofs can be completed in a day to a day and a half. If this offer sounds like an upgrade from your current roof, well it is, and at no extra costs. This we can do within the insurance company's guidelines. Materials, all the labor and a spotless clean up.

We give free inspections and won't be beat on price!!! The roofs we install come with a written 5 year workmanship warranty.

Also, One last thing, even if you choose not to contract us be sure you ask to see a valid and in effect contractors license of whoever you contract.
