I am a Junior Accounting Major in the Honors College at USC. I have six years of experience in tutoring children, across various subjects as well as the two college entrance exam tests (SAT and ACT). All of my students have experienced significant improvements in school as well as their standardized test scores. I have my own transportation and am willing to do library sessions or in-home sessions, whichever is preferable. My personal scores on the SAT and ACT when I was a junior in high school are: (SAT - 2230), (ACT - 33).
