

Need help w dog shots (W. Columbia)

Location

South Carolina

<https://www.genclassifieds.com/x-373785-z>

We recently rented a room & the last renter left this dog. We love her, been feeding & caring for her all we can. I don't think she's up to date on shots. I just found a worm in her poop. If anyone can afford to help us out with shots, we would be very grateful. You can meet us at the next care-a-van or vet of your choice. We don't want to get rid of her, just need alittle.
