

HVAC Ductwork Galvanized, Vinyl coated Steel

Location **Utah**
<https://www.genclassifieds.com/x-373831-z>

Now selling:

10's of thousands of pounds of BRAND NEW --unused-- UL Listed -- Galvanized and vinyl-coated steel, intended for use in manufacturing AC ductwork.

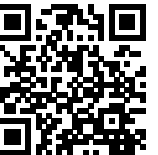

I have 54,000 lb. of this material, in various gauges, (from 18 to 26 ga). --as well as 4 coils of stainless steel, including 2 coils of perforated SS.

This material came from a recently-closed HVAC shop. It is all brand new; has never been used; has been well-stored; and is labeled, and is in ready-to-use condition.

Selling it all!!!!!!!!!!!!!!!!!!!!!! as one lot. Will include ~30,000 weld pins for FREE!! with your purchase.

\$34,000 buys all 54,000 pounds of the material, as well as the weld pins, and free loading of your truck in Las Vegas. This material currently sells for \$90/cwt., so you are saving many thousands of dollars with this purchase.

Specifics: The material is all: Galvanized; Vinyl-coated (4 mil exterior; 1 mil interior); UL Listed (and labelled as such); manufactured by Wheeling Industries; standard 5.394" wide. Each reel weighs approximately 1500 lb. There are 33 coils in all.
