Can't even begin to list prices. This is something that you have to come see and then decide on prices.

We know we can't get anything near what we paid for this but it is definitely worth it!!

Set custom made was originally \$16,000. Pieces can be sold individually to make a smaller set if necessary and we can discuss the prices on those. Must sell! Moving!!

If interested please let me know your price offering when responding. The sooner it is picked up the better. Can be sold individually or as a set.
