We are older musicians looking for a drummer to play rock with an edge. Not full-time, but a couple of times a month would be fine with us. We are two guitarists, a bass player and lead singer. We rehearse in Waukesha on Wednesday's. Music scans the 60's thru the 90's. Petty, Stones, CCR, ZZ Top etc. We are not a pop band and prefer to sometimes stray outside the norm with our own take on songs. We have a good foundation on many songs and with the right musician should be up and running in a short time. Contact me for more.
