Child care available in my home. (child care can be offered in your home if necessary for nights and weekends-but I prefer my home-especially for anything over 5 hours)

I am a mom of a 9 yr old....i am a home owner in west bend looking to offer occasional child care....days...nights and/or weekends. I live by regner park and have a large fenced in yard with a nice swingset. I do have dogs....very kid friendly black labs. I am very flexible with hours...days...times...5 dollars per hour for one child...2 dollars per hour each additional sibling. I can do overnight sitting also in my home. I have references and am very trustworthy.

I can do days off of school, emergency drop offs (kid midly sick and you cant take off of work etc), date nights, weekend get aways for mom and dad with no kids etc. Whatever your situation, just ask. Overnights and weekends would be a set rate instead of hourly.

email me if you have any questions or would like to discuss child care options.
I do not put my phone number in the ad to avoid calls from spammers etc. Replies go to my email, which then we can exchange phone numbers.
