1 Puppy for sale: We are looking for a good home for our puppy. He is a mix breed, which includes Golden Retriever, Poodle, Australian Shepard, and Shetland Sheepdog. He is very smart and has been house trained. He loves to play and be outside all day. He is the puppy on the left with the blue leash. He works well with young children, and I can see him being a great outdoors sports companion. Very sweet boy. We don't have the time he needs and want to see him with someone who can unlock his potential. Serious inquires only. Must go to a good home. Thank:-)
