I have a turtle tank that I no longer need. It is a very nice tank. It has part of the side cut out of it for a turtle filter. I also have a Aqueon turtle filter for it. The filter also has a box with new pads in it. I also have other turtle related things for sale if you are interested. Let me know if you have any questions or if you are interested. Asking \$110 OBO. I am also into trades. Give me a call or text at
