

Anatolian Shepherd

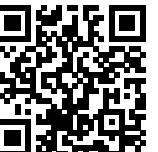

Location **Utah**
<https://www.genclassifieds.com/x-374087-z>

Meet Koda, a beautiful Anatolian Shepherd. He has been rescued by a local organization called Hearts 4 Paws and is looking for his forever home. Koda is a wonderful dog. He has very good manners and will want to be by your side all the time. He loves hiking and will need to be in a home where he can get regular walks and/or hikes. He is true to his breeding as a guard dog! Once he bonds with you, he will want to protect you and will need to be introduced to strangers properly. He is good with older children, but might not do well with very young children, and he does not do well with cats. He is excellent on a leash and knows all of his basic commands. He responds well to good leadership. Koda is 3 years old and current on all of his vaccinations. He is also chipped and neutered.

If you would like to meet Koda or get more information on him, please call Laurie at You can also see other dogs that we have up for adoption at www.hearts4paws
