Title: 160-acres Duthie Ranch

I have two 160's available!

Description: Located just a few miles outside Casper (the business and financial center of the state) with spectacular views of the Casper Mountains! As the federal government prints and spends trillions of new dollars over the next few years paper money will become worth less and less, while land will become worth more and more. Land this close to a major city in Wyoming for \$370 per acre is an incredible bargain!

County/State: Natrona County/Wyoming

Size: 160-acres

Price: \$59,995 (\$370/ac) with \$1,995 down and the balance of \$58,000 payable at \$522/mo (amortized over 186-months including 9% interest). You can pay the land off at any time with no prepayment penalties! The more you put down the less your monthly payment will be.
