

Koi fish (Columbus, GA)

Location **Alabama**
<https://www.genclassifieds.com/x-374265-z>

Beautiful Koi fish- butterfly and standard fin, need new homes. I am reducing my breeding stock pond and these are some of the best fish I have ever offered. Most breeders are from 10"-16" long. You will not have the chance to get fish like these in our area and have baby fish in your pond this coming year. I have grown them for many years, they are hand fed, and friendly. Most are either direct Japanese imports or their immediate offspring. My fish are healthy and will be a real show piece in your pond. Smaller fish are available (pictured). Re-home fee: 2 for \$5.00 for the smallest size (2") regular fin Koi and up to \$500.00/ If you want an exceptionally nice WOW fish. It depends on the fish that you select. We are a working Koi Farm. DNR certificate for aquaculture on hand. Call for an appointment to select yours this week! Aquatic plants are also available. I can also help you with your pond/ fountain problems. Custom filters available that really work to keep your pond clean. No spammers.
