MOTU BPM -- Advanced urban rhythm instrument - \$125 Cash Only

<http://www.motu.com/products/software/BPM>

BPM fuses drum machine-style operation with advanced virtual instrument technology to give you the ultimate rhythm programming experience. Combine kits, patterns, and loops with instrument sounds, advanced mixing, and DSP effects to realize your rhythmic vision.

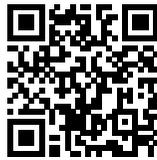

Browse a massive library of over 19 GB of rhythm sounds. They sound massive, too, thanks to renowned mastering engineer Chris Gehringer at Sterling Sound, NYC. Mix and match thousands of patterns, kits, loops, and hits inspired by dozens of musical styles.

With enhanced MIDI control features, BPM 1.5 lets you choose your favorite pad controller, MIDI keyboard, or other controller for the ultimate personalized tactile rhythm programming experience. With hundreds of compatible models to choose from, it's your.
