Hello, I am a 23 year master carpenter who has been building furniture and home decor pieces on the side for over 20 of those years. I have opened my own wood-shop and have started turning out pieces shown in the pics below for clients all over North West Arkansas and beyond. This is my passion and I do it for far more than an income. I love it.

Here are just a few examples of the type of projects I do on a fairly routine basis. It's no surprise that the wide spread use of sites such as Pinterest have increased the presented ideas 10 fold. Have you seen something on Pinterest you would love to have made? I can build your piece in raw materials ready for you to stain, glaze, paint, or whatever OR I can finish it for you. Please feel free to contact me with any idea you may have. I once had someone mail me a napkin with a drawing on it for a plant stand he wanted built. I built it! Thank and have a wonderfully blessed
