i don't know of 3 of the 4 you profess to champion but to the fourth, everything I've seen of him, he deserves every thing he gets. Isn't he the one who said and I quote "There is no way anyone should ever stop saying "rectumlickum" or "Reich wing or tea bagger or Faux news,Those are just far too clever, have too much genius wit". Isn't he also the one who ends everyone of his rants with and again i quote "Open up for more of that warm creamy gooey fascist FauxNews and AM radio splooge, gorge on it, vomit it back out and repeat! BUUUUURP!}EAT IT PUBES!

EAT IT PUBES! If that is your friends or yourselves level of wit then i pity the both of you and what will become of this once great nation. Open minds and visions and we may yet save this once proud great land for our future is held in the balance.
