Seeking female looking to make discreet PRIVATE home movies. I enjoy directing and filming my own movies that is for my viewing only! What you do in the movies depends on your comfort level and will be discussed beforehand. I'm interested in your comfort level since I would like to do several home movies over a period of time. I can film anything from only kissing scenarios (\$75) to as much as full intercourse scenarios (\$500) and everything in between that you want to do. If interested, please send several photos and telling me what you are interested in doing as well as your age. Perfect for students who need to make and easy cash.

A little about me - Sane, normal, respectful, busy professional who enjoys making "home movies". Discretion required and discretion assured. Thank.
