please beware this guy may be in your area. I am a relative but also a psychiatrist who used to treat him. He left my care after some charges against him in another state and I have been trying to track him down. I have gathered some information that he was in Fort Smith for a while and then in Branson, Mo and that he was possibly heading to Springdale, Ar. He may be going by the name William he has cold blank looking eyes and shows no emotion. He is 5'9" in height blonde haired and blue eyed. He may be on the run to avoid some previous charges against him. He appears to be a quiet easy going guy but don't let this fool you. He is extremely dangerous and should be treated as such. If you see him or someone who fits his discription please contact me immediately. I can't stress it enough this guy is bad do not trust him or anything that he says if you see.
