Hello travelers -

I'm looking to ship about 1500 lbs. of household goods from Oregon or Washington to Anchorage. (About 1 large pickup flatbed load. Fit in a Uhaul 5x8 ft. trailer last fall.) I'll be in OR to coordinate the drop off at the beginning of May - looking to ship then. Would need to be in Anchorage by mid-May.

Please contact me if you have extra space available and would be able to negotiate a price/contract.

As well, I'll be driving the Alcan north at that time - could arrange travel caravan if that appeals.
