Location **Alabama** https://www.genclassifieds.com/x-374886-z

Hello,

My name is Amanda Yarbrough. I have been in the internet marketing niche for quite some years now. Today, I am going to give you a completely built sales funnel. It includes a squeeze page, a sales page, a thank you page (completely hosted by me) and a complete series of emails swipes!

That sounds good. But what am I going to do with it?

Well... What if I say... You will be able to make \$88,587 passive recurring income from it!!!

By passive recurring, I mean, once you give this website away to a certain number of people (just 10 to be more specific), you don't have to do anything else! You will be able to make 5 figure income for the rest of your life. Does that not sound exciting enough?

What will I have to do, to get started?

Nothing much! Just visit http://www.ezcash88club.com/, follow the instructions there (and you will have your own funnel setup by us!) Just promote your squeeze page. That is all it takes!

Regards, Amanda
