

2006 GTI fully loaded (8500 USD)

Location **California**
<https://www.genclassifieds.com/x-374931-z>

I'm selling my 2006 VW GTI (turbo). It came fully loaded, all leather, heated seats, MP3, premium speakers, sunroof, 19" OEM rims, and DSG dual-clutch transmission with paddle shifters.

Modifications include tinted windows and Koni coilover suspension. Ride height is super low, as you can see. Mechanically everything runs perfectly and I always kept up on maintenance. Due to street parking over the years, it has accumulated dings and scratches, so I am discounting the price to make up for these cosmetic shortfalls.

I am currently traveling outside the US, so the car is being sold with help from the kind folks at Portola Auto Service located at 2780 San Bruno Ave. I'll put you in contact with them to arrange to show the car. They have all the pertinent documents, such as title, carfax report, DMV forms, etc.

Many!
