

BABY RATS

Location **Kansas**

Ever get tired of paying full price for a rat at a pet store you know no history on? Tired of sick and unhealthy rats, behavioral issues, and possibly unknown defects when getting them from petstore?

I breed quality rats for people who want quality pets that they will love as family members. Each of my babies are handled and socialized since day 4 after birth. Their parents are my pets and very healthy, well socialized, and not overbred.

I am now taking requests. My prices are fair and even a better deal when bought in same sex pairs.

Are you ready to add to your rat family?

NOTE: i do not sell as feeders
