We are requesting submissions and/or survey responses from men and women for an upcoming publication regarding body image issues surrounding female genitalia. It's a sensitive topic and your response is highly appreciated.

Women: Do you have body image issues with your vagina/vulva? Do you think you're "ugly" or "disgusting?" Do your insecurities affect intimacy? Has someone made a derogatory comment regarding your genitalia? Have you ever considered plastic surgery to fix the appearance of your genitals? Alternatively, have you recovered from an unhealthy image? Or have you always had a healthy self-image? We need your stories and input.

This is a non-paying submission including upon publication. Stories may be edited for content and length. If your story is used, we can send you a free digital copy of the finished book.
