TAYLOR

Location **Michigan** https://www.genclassifieds.com/x-375026-z

I am looking for a worker that can work flexible times and days. May not be every day right now. Good pay.

I do masonry work, light/outdoor carpentry, landscape, odd work, demos, so on.

Learn many skills. Any tools and experience a plus but not important. Be available for work is what is important. Serious only reply. You must live near by. You must have a truck. Possible after work odd work and even weekend family business at flea market. Into many things. I may also be renting a room and storage to someone soon and it would be beneficial to find both worker and room mate in one person.

Be willing to work and willing to learn and this can be a great opportunity. email for appointment to meet.

Thank!
