Hey there,

We are a startup and are looking for parents of children ages 2-6 y.o. for a paid focus group! We need feedback for our iOS application that offers preschool activities, adaptive curriculum, and product and game recommendations and helps parents to track and support their child's progress.

Please see our app before filling our application (it's free). https://itunes.apple.com/us/app/preschool-parent-guide-learning/id969413094
