NETWORK SALES -- "MONTHLY RESIDUAL INCOME"

COMMISSIONS ONLY. . . but earning a MONTHLY RESIDUAL INCOME!

You now have the opportunity to become a TELECOM AGENT for ALL THE CARRIERS, providing telephone/internet services to any commercial business locally, nationally, or globally.

Looking for "IT people", interconnect, phone equipment, VAR, hardware or software people, who want to get paid on carrier services (and related services). Superstar salespeople may qualify. The telecom/data industry is "on fire" now!

"ALL CARRIER PRICING IS IDENTICAL TO THE DIRECT CARRIER PRICING!"

MOST CONTRACTS ARE EVERGREEN, ALLOWING US TO GET PAID FOR AS LONG AS THE CUSTOMER IS BILLING.

Training is done by webinars weekly or I can personally train for the right candidate.

FACTS CUSTOMERS LIKE: Pricing is IDENTICAL to the DIRECT CARRIER PRICING, or there would be a war between the direct reps and us, indirect reps. Direct reps make a one-time commission and move to new accounts, so customer service is poor. You make a monthly residual, so you have an ongoing interest in the customer. Commissions come from the carrier, not the customer. You can suggest various options, whereas direct reps only suggest one carrier.

Being Upfront: 1. Commissions only 2. You furnish your own leads 3. Commercial businesses only

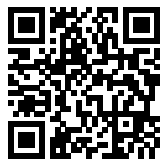

Leave your name and phone number and I will call you. Thank you.
