Young female model is needed for an experimental film that focuses on " emotions ". The project will be filmed in high definition this April 2015. We are looking for a female model that is easy to work with and takes direction very well. Being able to get along with others is also a plus. Age range is between 18 and 29 years old and any race is welcome.

If you are interested in our unique project. Simply email us back with your current photo headshots and contact information. If you have a video online that you would like to email, then that will also be a plus. We look forward in working with you soon. Thank you for taking the time to read our Ad.
