

30yrs Experience Babysitting and Childcare (Orlando)

Location **Florida**
<https://www.genclassifieds.com/x-375102-z>

I have over 30yrs experience working with children...Babysitting, Nanny, Daycare, Coaching little league, teaching Sunday school (21yrs)...In high school I majored in Child Development (4yrs) and I majored in Child Psychology at Columbia College (1yr). I have a restricted schedule because I have a full time job, but will be available...Wed-Fri 2.30pm-6.30pm. Fri can be a little later... Sat and Sun any time... I love children! I can provide references...I can provide after school care, picking up from school, providing snack, dinner, helping with homework. I can bring them to my house or I can come to your house.

I do have pets...a dog (medium size mutt) very good with infants, toddlers, and children. And a cat and a bunny. I vacuum everyday and have top of the line air filters. I can also come to your house if preferred...PS... I'm only a part time babysitter...not a daycare...no license...
