This kitty is an extra, extra cute gal and is so sweet! She loves to be petted and will come to you for some human cuddles and attention. She is quiet and laid back with an adorable personality.

She's a small young cat who is almost a year old. She has a rich and beautiful coloring - dashes of orange, light browns, and gold throughout her mid-brown shiny coat that has a little bit of fluff. This darling has orange dashes on her mitten paws and chest. She has big inquisitive green eyes framed by a distinctive dash of light orange over her right eye and on her chin! Her coat is very unique!

She is so beautiful with a wonderful personality to match!

This pretty kitty has been spayed, tested, given shots, flea treatments, and a precautionary de-worming. Everything is included in her small adoption fee. Please call/text or send an e-mail with a little about you and your household to meet this adorable young!
