## Cat Foster Needed

Looking for fosters who are experienced with fostering sweet but shy cats who can work with them in pairs and make them feel more confident to get them ready for forever homes, and then foster a few more in pairs. Also have some who can be fostered alone. Some already in foster need to be placed in other fosters. All are young adult cats - please help get them ready for adopting! All are tested and current on shots, flea treatments, dewormed, and spayed and neutered. Please send e-mail with a little about yourself and your interest in fostering! Must be local to the Metairie/New Orleans area. Thank!
