Location

Kentucky

I am 37

Fairly quiet

Fairly clean

Been at same job for 8 years

I have a car

I have no kids, no pets, not in a relationship

I'm a loner so there would be no traffic

I'm a fast food junkie

What I'm looking for in a roommate is someone I can trust and get along with, I mean who wants to live with someone who you don't like?

Don't know what else to write so if interested tell me about the place, the area, price, a little about yourself and pics of the place would be appreciated.

Oh and to all the creepers (I'm not looking for a fuck buddy, I'm looking for a room to)
