

not looking to live with a bunch of people (anywhere)

Location **Kentucky**
<https://www.genclassifieds.com/x-375346-z>

I am 37
Fairly quiet
Fairly clean
Been at same job for 8 years
I have a car
I have no kids, no pets, not in a relationship
I'm a loner so there would be no traffic
I'm a fast food junkie

What I'm looking for in a roommate is someone I can trust and get along with, I mean who wants to live with someone who you don't like?
Don't know what else to write so if interested tell me about the place, the area, price, a little about yourself and pics of the place would be appreciated.
Oh and to all the creepers (I'm not looking for a fuck buddy, I'm looking for a room to)
