I am hosting an outdoor event on 13 June and I need a guitarist (preferably Spanish/Flamenco style) to provide entertainment. I will need this individual to bring all equipment necessary (amps, power cords, etc) and play from 9:00 p.m. through midnight. Of course, breaks are at your leisure. I will pay (rate negotiable) and provide unlimited food/drinks as the individual desires.

As I live immediately next to the GW campus, and was recently a student myself, I am giving hiring preference to GW students.

Please contact me with a brief explanation of your musical background and send sample tracks, if you have them. No worries if not. Thank.
