

## telephone installer (Marblehead)

Location Massachusetts

https://www.genclassifieds.com/x-375493-z

I will pay someone \$ 50.00 to come to my house and configure a merlin 410 telephone system and give some training in its use. It is a 3 lines and 10 station system. All equipment is set up in one room for test/training I will assume responsibility for the house wiring. I will not pay anyone who tries to fake knowledge and is just wasting my time. Please be prepared to offer some evidence of expertise when you call.

If interested pleased call Norris @ BETWEEN 10:00 A.M. & 9:00 P.M. If this is a toll call for you send an email with your phone number and good time to call. EMAILS WITHOUT PHONE NUMBERS WILL BE IGNORED. Sorry, I don't mean to be offensive but I get so many emails which are obviously scams.

Thank you for.
