Aloha!

Rescued kittens and cats under the age of 1 year will be shown and are available for adoption this morning in front of Walmart from Kauai Community Cat Project. All are spayed/neutered, micro-chipped, vaccinated, de-wormed, have no fleas, and are 100% litter box trained. They're healthy, friendly and affectionate.

We also have little kittens that need to be taken care of for 2 to 3 weeks until they're ready to for adoption.

Kauai Community Cats will also be offering advice on how to keep cats in your neighborhood from reproducing by trapping, neutering, and returning to where they were found.

If you'd like to join our volunteer team, we'd like to meet you!
