Im a 29 year old male bass player looking to gig almost every night of the week! Ive been playing bass for 15 years and played 100s of shows. Im a musician and would like to join other musicians. I LOVE dynamics, stops, originality and people who play as a band as apposed to a bunch of guys trying to outblast each other. I sing back up, write music and dig covers. Music is a business and it takes hard work to get gigs and want to play with like minded individuals with that goal in mind. I don't want sloppy music and will play something 1000 times till its right. If that doesn't sound like something you are up for I'm not your guy.

Sound I'm looking for:

Oldies

Newbies

Inbetweenees

Jazz

I would like of you're an established band already

But if you are a band with a different sound I love trying new things.

Im not into metal (TrapT, RATM, Limp Bizkit the hardest) , reggae the whole time, songs that never end, Flaky people, Really really really weird music .. I hope to hear from the rest of my companions. Thanks for!
