ADORIBLE 7 WEEK OLD KITTEN NEEDS A FOREVER HOME (roseville)

Location Michigan https://www.genclassifieds.com/x-375609-z

I am looking for a forever home for my adorable 7 week old male kitten. I hate to get rid of him but i bought him about a week ago and the day after i got him my job put me on 50 hours a week. I don't feel it is fair he is alone that much being so young. very friendly very playful and loves to cuddle at night. Also i have a two year old little girl and he was fine with her if you have children.

I am charging a \$50 re-homing fee because that is what i paid for him. That will also include his kitty liter, liter box, toys scratching post and kitten food.

If at all interested in coming to see him please call/text me

Thank you so.
