I'm sad that I have to let her go we just don't have the time to give her the attention she deserves. Ideally I want to rehome her to a family that has a stay at home mom or dad that can give her all of the attention she requires. Or just someone that has a lot of time to offer. She is very playful and needy. She is ideal for a single dog home. Maddison is the tan dog that is featured in the pictures. She is 16 months.
